Subject: THE URBAN SPRAWL MUST STOP!

Dear Members of the Coyote Valley Specific Plan Task Force,

I am a San Jose Native now for 33 years of my 38 year life. I am terribly upset with the lack of responsibility to preserve the original beauty and habitats that remain undeveloped. We must be more concerned about our environment over big business development if this valley is to retain any of it's original character.

Please ensure that the environmental review for Coyote Valley both plans for and satisfies all the housing demand that development generates, and that the environmental review considers agricultural protection and a development moratorium.

I support the requests of the July 12 letter sent to you and Mayor Gonzales The Committee for Green Foothills, Greenbelt Alliance, Santa Clara Valley Audubon Society and the Sierra Club Loma Prieta Chapter.

I strongly encourage the City of San Jose to immediately impose a development moratorium for acreage within the Coyote Valley Greenbelt that is under the City's jurisdiction.

I request that my letter be distributed to the entire Coyote Valley Specific Plan Task Force.

Sincerely,

Kristin Burnahm
Concerned San Jose Native and Sierra Club Loma Prieta Chapter Member
